In order to walk in the victory God has provided, you must begin with sound teaching from the Word of God. You may not be able to leave your place of work to build a foundation of God's Word on the inside. Therefore, the New Life Bible Correspondence College program has been designed, with the Bible as the only textbook, to do this for you. As you feed your faith, and starve your doubts, the Holy Spirit ministers to you so that He can minister through you to others.
